

Family Check-in

Collegedale Church

We appreciate your willingness to serve Jesus by calling people to communicate His care for them!

Feel free to use the ideas below if you find them helpful:

1. **“Hi! This is (your name) from the Collegedale Church. I am working with our pastors to make a quick check-in with our church family. Is this a good time to talk?”**
2. **“How are you doing?”**
3. **“Do you have any challenges you would like us to be praying about?”**
4. **“Anything you are celebrating right now?”**
5. **“Can I pray with you?”**
6. **Pray**
7. **Notes:**
 - a) If time allows, we would love to get a quick report back from you for each person you successfully speak with. We would love to know their prayer requests and any information that would be helpful in providing better spiritual care for them. Email reports to timcross@southern.edu.
 - b) If you get a voicemail please leave a message with your name and why you are calling and then try to call them later. Once they know it is not an automated marketing call it could significantly increase the chances of them answering the next time you try to call them. Feel free to text to set up a good time for a call.
